

EXCELLENT RAIL SERVICE GETS EVEN BETTER.

Get the royal treatment on the Queen City Express.

To provide even better service to existing and future rail customers, NC Ports has enhanced its intermodal service at the Port of Wilmington by now offering next-day transit service. The Queen City Express is a daily rail service moving double-stacked containers to and from the Port of Wilmington to the CSX Intermodal Terminal in Charlotte. The Queen City Express provides a reduced cost for cargo coming from or going to the Greater Charlotte region.

Off the Ship

Immediate discharge to Intermodal On-dock Rail

In Transit

1 Day Transit

Available Next Day

Available for Pick up at CSX Ramp or Charlotte Inland Port

QCE Advantages

- Shortest first and last mile truck transit
- Lowers transportation costs for businesses
- No dwell times at Port of Wilmington or Charlotte Inland Port (CIP)
- Flexible staging at CIP
- Provides customers unprecedented access to southeastern United States
- Reduces the number of trucks on roadways, therefore reducing emissions

Inland connectivity

Charlotte's inland port connects customers to distribution corridors, services and opportunity. Strategically located in the heart of the region's manufacturing and distribution centers, the port serves the I-85 and I-77 corridors.

With 20 acres, 10 of which are already developed, the port can accommodate 2,000 grounded/wheeled containers. It also provides container yard operations to ocean carriers and serves as a staging area for empty and loaded containers with maintenance and repair service from an onsite vendor.
